Amazing about us!

Specialist GMP Compliance & IT experts for regulated industries

PROUDLY SUPPORTING COMPANIES ACROSS SOUTH EAST ASIA SINCE 2004.

Factorytalk are a leading supplier to the Pharmaceutical, Biotech, Medical Device, and other GxP/ ISO regulated industries. We operate across South East Asia, and are headquartered in Bangkok, Thailand. Our team is comprised of local and international professionals with vast experience of both regional and global projects.

We pride ourselves in having the right people to bring leading international standards, technology, and techniques, to projects for any size of company. Delivered with the experience required to navigate complex company cultures and needs, whether a multi-national, regional, or local customer.

We help regulated companies to improve their GxP compliance, Quality, and I.T. systems.
